ARMY ORDNANCE

Index to Volume I

No. 1 (July-August, 1920) to No. 6 (May-June, 1921) Inclusive

SUBJECT INDEX

Page

Aberdeen Proving Ground ---- 252
Aberdeen Proving Ground, Ordnance R. O. T. C. Camp ---- 94
Aberdeen Small Arms Firing Range ---- 254
Administration Division Notes ---- 161
Aero Motor Gun Invented ---- 21
Aims and Organization, Extracts from Reports of Committee On ---- 44
Air Bombing of Industrial Plants ---- 122
Aircraft Armament Board ---- 21
Aircraft Armament Division Notes ---155, 228, 290, 360
Aircraft Bombs, Testing of ---- 266
Aircraft Machine Gun, Browning ---- 290
Aircraft Machine Guns ----201, 361
Airplane Observation Instrument ---- 224
Ammunition Division Notes ---- 160
Ammunition in Recent Wars, Expenditures of Artillery ---- 82
Ammunition Problem, Artillery ---- 262
Ammunition Supply ---- 180
Amortization: Special War Facilities ---- 55
Analysis and Microscopic Examination of Samples of Ancient Armor ---- 108
Anglo-American Tank, Mark VIII ---- 116
Antiaircraft Artillery, Night Operations of ---- 340
Antiaircraft Defense of Paris ---- 341
Antiaircraft Fire Control ---- 355
Antiaircraft Fire Control Instruments ---- 225
Antiaircraft Gunnery ---- 338
Antiaircraft Gunnery, Prospectus of the Science of 343
Antiaircraft Mounts ---- 342
Antiaircraft Units in Army ---- 343
Appointment of Reserve Officers Resumed ---- 83
Armor, Analysis and Microscopic Examination of Samples of Ancient ---- 108
Army, Antiaircraft Units in ---- 343
Army Ordnance Association, Constitution and By-Laws ---- 45
Army Ordnnance Association, First Officers and Directors ---- 87
Army Ordnance Association in Liaison With the Ordnance Department, U. S. Army, Proposed "Subjective" Organization of ---- 145
Army Ordnance Association at Rock Island Arsenal, Meeting of ---- 281
Army Ordnance Association, Nominations of Officers of ---- 36
Army Ordnance Association Organized, San Francisco District ---- 213
Army Ordnance Association, Progress in Organization of ---- 144
Army Ordnace Association, Second Annual Meeting of ----92, 138

Page

Artillery Ammunition in Recent Wars, Expenditures of ---- 82
Artillery Ammunition Problem ---- 262
Artillery Automotive Vehicles, Steam as Motive Power for ---- 21
Artillery, A Comparative Study of American and French Corps ---- 279
Artillery, Divisional, A Comparative Study of American and French ---- 325
Artillery Division Notes ----146, 220, 284, 352
Artillery, Motorized ---- 8
Artillery, Railway ---- 33
Artillery, Railway, Part I ---- 67
Artillery, Railway, Part II ---- 101
Artillery, Railway, in Seacoast Defense ---- 71
Artillery, Tractors, Production and Inspection of-- 330
Artillery Trains, Resistance of ---- 147
Artillery Wheels ---- 147
Auto-frettage ----126, 286
Auto-loadnig Rifle ---- 362
Ballistics of Bombs ---- 228
Balloon Observation Instrument ---- 356
Batteries, Shore, vs. Battleships ---- 245
Bearings, Roller ---- 147
Bluing, Nitre ---- 229
Board, Westervelt ---- 146
Bombing of Industrial Plants, Air ---- 122
Bombs ----228, 290, 360
Bomb Racks ----228, 290, 360
Bomb Sights ----228, 290, 360
Bombs, Testing Aircraft ---- 266
Book Reviews ----97, 163, 164
"The American Engineers in France," by William Barclay Parsons ---- 163
"American Guns in the War With Germany," by Maj. Edward S. Farrow ---- 97
"The Army Behind the Army," by Maj. E. Alexander Powell ---- 97
"The Great Adventure of Panama," by Col. Philippe Buneau-Varilla ---- 97
"The League of Nations at Work," by Arthur Sweetser ---- 164
"The Life and Work of Sir Hiram Maxim," by P. F. Mottelay ---- 97
"Luck on the Wing," by Maj. Elmer Haslett- 163
"Military Explosives" ---- 163
"The Tank Corps," by Maj. Clough Williams-Ellis, M. C., and A. William-Ellis ---- 163
"Your Boy and the Other in Universal Training," by Col. P. S. Bond and Col. C. F. Martin ---- 97
Boston District Activities ---- 33
Browning Aircraft Machine Gun ---- 290

French Gun with 200-Mile Range	362
French Tanks	116
Gage Problem in Ordnance Manufacture	191
General Supply Division, Field Service	196
George Washington University Engaged in Ordnance Research	81
German Long Range Guns	214, 286
German Recuperator	206
Germany's Potash Industry	21
Government Developments in Nitrogen Fixation	17
Government Nitrate Plants, Commercial Possibilities of	15
Guns, Aircraft Machine	201
Gun, Centrifugal	350
Gun Forgings, Defective	221
Gun Invented, Aero Motor	21
Gun, New 16-inch Coast Defense	220
Gun of the Future, Machine	39
Gun, Model 1917, Self-propelled Wheeled Mount for 3-inch Antiaircraft	284
Guns, Submachine	134
Gunnery, Antiaircraft	338
Hammond Torpedo Control	4
Harrison, C. L., Declines Directorship of Public Safety, Cincinnati, Ohio	21
Harrison, C. L., Elected Director of A. O. A.	90
Harrison, C. L., Nominated Director of A. O. A.	37
Heat Treatments, Comparative Shock Values of Steel After Varied	99
Homogeneity of Field Artillery Motor Equipment	307
Howitzer and Carriage, Model 1920, 75-mm.	289
Howitzer Development, Infantry	284
Howitzer, Infantry	33
Howitzer Matériel, 105-mm.	285
Hydro-Electric Plant, Canadian Power Co. to Build	21
Improvements in Projectiles	14
Improvements, Tanks with Modern	315
Industrial Affairs, Notes on Ordnance and	4
Industrial Plants, Air Bombing of	122
Industry, Germany's Potash	21
Infantry Howitzer	33
Inspection of Artillery Tractors, Production and	330
Instrument, Airplane Observation	224
Instruments, Antiaircraft Fire Control	225
Instruments, Fire Control	149
Investigations Recently Completed at the Bureau of Standards	54, 108
Italian Tanks	116
Jigs and Fixtures, Preservation of Dies, Patterns, Tools	321
Laboratory Established at Bureau of Mines, Low-Temperature	14
Lamont, Col. Robert P., Elected Director of A. O. A.	90
Lamont, Col. Robert P., Nominated Director of A. O. A.	36
Large Corporation as a Military Asset (Editorial)	85
Long Range Guns, German	214
Long Range Small Arms Firing, Part I	208
Long Range Small Arms Firing, Part II	273
Long Range Small Arms Firing, Part III	344
Low-Temperature Laboratory Established at Bureau of Mines	14
Machine Guns, Aircraft	201, 231, 361
Machine Gun, Browning Aircraft	290
Machine Gun of the Future	39
Machine Rest, Novel Type	231
Maintenance, Ordnance	167
Mann Rest, Development of	212
Manufacture of Mark VIII Tanks at Rock Island Arsenal	27
Manufacturer: A Joint Trustee of the Ordnance Problem	53
Massachusetts Institute of Technology	76
Massachusetts Institute of Technology Course for Ordnance Officers	329
Matériel, 75-mm. Field	220, 225
Matériel, 105-mm. Howitzer	285
Matériel, 75-mm. Pack	220
Maximum Nitrogen Preparedness at Minimum Cost (Editorial)	142
McRoberts, Brig. Gen. Samuel, Elected Director of A. O. A.	89
McRoberts, Brig. Gen. Samuel, Nominated Director of A. O. A.	36
Mechanical Combat Transport, Underlying Principles of	334
Mechanical Transport	60
Meeting of A. O. A., at Rock Island Arsenal	281
Meeting of A. O. A., Second Annual	138
Memberships and Subscriptions (Editorial)	283
Modern Paint Spraying Equipment in the War—and Now	64
Motive Power for Artillery Automotive Vehicles, Steam as	21
Motor Equipment, Homogeneity of Field Artillery	307
Motor Gun Carriages, Demonstration of	284
Motorized Artillery	8
Motorized Combat Transport	301
Motor Mount Tests	353
Motors, Waterproofing of	4
Mounts, Antiaircraft	342
Mount for 3-inch Antiaircraft Gun, Model 1917, Self-propelled, Wheeled	284
Mount for 75-mm. Gun, Caterpillar	224
Mount Tests, Motor	353
Munitions, War-Time Production of Optical	247
Museum, Frankford Arsenal	287
Musket Sight	224
National Bureau of Standards	7
National Defense, Council of	219
National Defense, Nitrogen, Its Vital Importance in	119
Never Again! Maybe! (Editorial)	84
New Construction	190
New 16-inch Coast Defense Weapon	220
Nickel Steel Forgings	100
Night Operations of Antiaircraft Artillery	340
Nitrate Division Notes	157
Nitrate Plants, Commercial Possibilities of Government	15
Nitrogen Compounds, Sources of	17
Nitrogen Compounds, Uses of	15
Nitrogen Fixation, Government Developments in	17
Nitrogen, Its Vital Importance in National Defense	119
Nominations of Officers and Directors A. O. A.	36
Notes of Association Interest	21
Notes on Depreciation	130
Notes on Ordnance and Industrial Affairs	4
Novel Type of Machine Rest	231
Officers and Directors of the A. O. A., First	87
Officers, Training of Ordnance Reserve	37
Official Insignia	35, 84
Ogden Arsenal	23
Old Hickory	77
Old Hickory, The Sale of	141
On the Right Track (Editorial)	282
"One Fifty-Five" vs. "Cent Cinquante-Cinq"	279

Ordnance Technical Notes 136
Organization, Extracts from Reports of Committee on Aims and 44
Organization of the A. O. A. in Liaison with the Ordnance Department, U. S. Army, Proposed "Subjective" 145
Organization of Twenty-five-year Ordnance Service Club, Rock Island Arsenal 288
Paint Spraying Equipment in the War, and Now, Modern 64
Paris, Antiaircraft Defense of 341
Patterns, Tools, Jigs and Fixtures, Preservation of Dies 321
Peace Work on War Weapons 237
Peirce, Brig. Gen. W. S., Appointed Assistant Chief of Ordnance 37
Philadelphia District, New Members in the 26
Plans for Training 86
Poisson's Ratio, Some Remarks on 268
Potash Industry, Germany's 21
Preparedness, Reasonable 4
Preparedness—A Sound American Plan 90
Preservation of Dies, Patterns, Tools, Jigs and Fixtures 321
Progress in Organization, A. O. A. (Editorial) 144
Production, Decentralized 1
Production and Inspection of Artillery Tractors 330
Projectile, Experimental Determination of the Forces on a 317
Projectiles, Improvements in 14
Projects, Westervelt Board 58
Proposed Form of Standardized Government War Contract 174, 277
Proposed Ordnance Officer Details 21
Proposed "Subjective" Organization of the Army Ordnance Association in Liaison with the Ordnance Department, U. S. Army 145
Quality Production (Editorial) 282
Railway Artillery 33, 67, 101
Railway Artillery for Seacoast Defense, Use of 101
Railway Artillery in Seacoast Defense 71
Railway Artillery, The Utility of 106
Range Correction Board 355
Range Guns, German Long 214
Reasonable Preparedness 4
Reasons for Utilizing Government Plants for Commercial Purposes During Peace 18
Recent Investigations at the Bureau of Standards 108
Recent Wars, Expenditures of Artillery Ammunition in 82
Recuperator, German 206
Reports of Committee on Aims and Organization, Extracts from 44
Report of Screw Thread Commission 14
Reserve Corps, Ordnance 37, 86
Reserve Officers, Appointment Resumed 83
Reserve Officers, Training of Ordnance 37
Rifle, Auto-loading 362
Rifles, Competitive Test of Semi-Automatic Shoulder 272
Riot Guns for Corps Areas 190
Rock Island Arsenal, Manufacture of Mark VIII Tanks at 27
Rock Island Arsenal Notes 225, 288
R. O. T. C. Camp, Ordnance, Aberdeen Proving Ground 94
St. Louis Ordnance District, Canvass for Members 26
Sale of Arms and Equipment to Reserve Officers (Editorial) 282
Sale of Old Hickory 141
Schools, Ordnance Engineering 288
Science of Antiaircraft Gunnery, Prospectus of 343
Scott, Frank A., Elected Director of A. O. A. 90
Scott, Frank A., Nominated Director of A. O. A. 37
Seacoast Defense, Railway Artillery in 71
Seacoast Defense, Use of Railway Artillery for 101
Second Annual Meeting, A. O. A. 92, 138
Semi-Automatic Shoulder Rifles, Competitive Test of 272
"Seventy-Five" vs. "Soixante-Quinze" 325
Small Arms Ballistic Station at Miami, Florida, Establishment of 211
Small Arms, Developments in 270
Small Arms Division Notes 151, 229, 350
Small Arms Firing, Long Range, Part I 208
Small Arms Firing, Long Range, Part II 273
Small Arms Firing, Long Range, Part III 344
Small Arms Firing Range, Aberdeen 254
"Soixante-Quinze," "Seventy-Five" vs. 325
Some Remarks on Poisson's Ratio 268
Sources of Nitrogen Compounds 17
Specifications, Compilation of War 309
Springfield Armory Ordnance District 33
Springfield Armory Notes 152, 229, 351
Standardization of War Contracts 109
Standardized Government War Contract, Proposed Form of 174, 277
Standards, Investigations Recently Completed at the Bureau of 54
